Brona,

Fine to change the Estimated Officer Need to 2300, with the footnote explaining that this is the goal by 2020.

On the 1928, figure, that is intended to be the number at the end of the second quarter of the year (June 30).
Director, I think you can just explain that it has since dropped some more and give whatever the most current figure you have is.

1. We are down to 1918 as of 07/16/17.
2. 2208 is correct for budgeted officer FY18.
3. We probably need to show the agreed goal of 2300 by 2020, vs 2500.

Director,

Here is the only slide we plan to put up for your presentation at Thursday's board meeting. (If any of the figures are incorrect, please let Brona know asap.)

Basically, my suggestion is that you just use the slide to summarize where MPD is on staffing, then take a few minutes to discuss the anticipated impact of this year's training academy classes and the status of implementing the recruitment/retention bonuses.

Let me know if you have any questions.
